Headquarters

Con i suoi 15.000 mq di superficie totale e dodici metri di altezza, l'edificio diventa uno spazio che rispetta e tutela principi di work-life balance e riduzione dell'impatto ambientale. Il progetto firmato Christian Grande DesignWork in collaborazione con lo Studio Orteschi tiene conto dei più recenti principi di sostenibilità energetica, ambientale ed economica. Un vero e proprio edificio green pensato per garantire livelli ottimali di comfort, riducendo i consumi. "Ogni progetto, ogni realizzazione, si pone come un sistema organico di spazio, sostanza e sensazione: un abito su misura."

La nuova sede rappresenta un'importante sfida per l'azienda nel perseguire un continuo aggiornarsi, dotarsi di nuovi ambienti e rilanciando la società verso sfide internazionali che la vedono protagonista. Uno spazio più ampio ed efficiente, principalmente più allineato ai valori aziendali, capace di consolidare lo spirito di coesione tra i collaboratori e il radicamento dell'azienda sul territorio.

With its 15,000 square meters of total surface and 12 mt of height, the building becomes a space that respects and protects the principles of work-life balance and reduction of environmental impact. The project signed by Christian Grande Designwork in collaboration with Studio Orteschi takes into account the latest principles of energy, environmental and economic sustainability. A real green building designed to guarantee optimal levels of comfort, reducing consumption. "Every project, every realization, is possible as an organic system of space, substance and feeling: a tailored suit."

The new headquarters represents an important challenge for the company in pursuing continuous upgrade, providing new environments and relaunching the company towards international challenges as protagonist. A wider and more efficient space, mainly aligned to company values, able to consolidate the spirit of cohesion between collaborators and company strong local rooting.

Tutti gli ambienti di lavoro possono relazionarsi con la presenza di una vegetazione appositamente studiata come elemento che "ossigena" gli spazi e contribuisce a mitigare ogni componente alienante, in un'ideale continuità tra ambiente interno ed esterno.

L'edificio è certificato in classe energetica A3 e utilizza macchine frigorifere in pompa di calore per il riscaldamento degli ambienti interni grazie ai 350 pannelli solari.

La prestazione energetica è ulteriormente migliorata da un sistema molto efficiente di ventilazione meccanica degli spazi interni, dotato di sistemi di recupero del calore. Molti saranno gli angoli verdi presenti all'interno ed all'esterno della sede, spazi verdi che richiedono bassi consumi idrici, mantenuti da un sistema di irrigazione che sfrutta sensori di pioggia e monitora il grado di umidità del suolo.

L'edificio ospita inoltre una caffetteria e un rooftop panoramico aperti ai dipendenti e ai clienti, destinati ad attività multifunzionali.

All working environments can relate to the presence of vegetation especially designed as an element that "oxygenates" spaces and contributes to cancel every aliening component, in an ideal continuity between internal and external environment.

The building is certified in energy class A3 and uses only refrigerating machines with heat pump for heating the internal environments, thanks to the 350 solar panels; the connection to methane gas network is not present.

Energy performance is further improved by a very efficient mechanical ventilation system in internal spaces, equipped with heat recovery systems. There will be many green corners, inside and outside the building, spaces that require low water consumption, with an irrigation system that uses rain sensors and controls the degree of humidity of the ground.

In the building there is also a cafeteria and a panoramic rooftop for employees and customers, intended for multifunctional activities.

GioiAtelier vuole essere uno spazio dedicato alle eccellenze del Made in Italy per dare un volto nuovo alla bellezza, reinterpretando in chiave contemporanea il concetto di lusso: un'area di duecento mq, con cinque vetrine che offrono grande visibilità alla selezione dei prodotti esposti, a pochi passi da piazza Gae Aulenti e Corso Como a Milano.

Una location d'eccezione in cui Capital consolida il suo know-how a servizio della creazione di ambienti votati alla bellezza per il mondo residenziale e del progetto contract. Dal concept minimal e raffinato, le nuance chiare di GioiAtelier sono la cornice perfetta per l'arredamento esclusivo firmato Capital Collection che dialoga elegantemente con le collezioni presenti.

La selezione Capital Collection racconta la casa come nessun altro luogo, semplicemente il più straordinario di tutti. Prodotti unici e progetti esclusivi testimoniano una storia fatta di persone, di lavoro artigianale, di sperimentazioni e nuovi materiali.

A completare lo showroom la materioteca, un'area dedicata alla ricerca e alla sperimentazione di nuovi materiali, sempre più sostenibili ed ecologici. Attraverso nuovi accostamenti di texture e finiture, i progettisti hanno qui la possibilità di giocare con cromie e stili e dare vita a soluzioni di interior dal taglio sartoriale e unico.

GioiAtelier is a space dedicated to the excellences of the Made in Italy, giving a new face to beauty, reinterpreting the concept of luxury in a contemporary key: an area of 200 m², with five windows that offer great visibility to the selection of products on display, located a few steps from Piazza Gae Aulenti and Corso Como in Milan.

An exceptional location where Capital promotes its know-how to create environments dedicated to beauty in the residential world and contract projects.

With a minimal and refined concept, the light nuances of GioiAtelier are the perfect setting for the exclusive furnishings designed by Capital Collection that elegantly dialogues with past and future collections.

The Capital Collection selection tells the story of the house like no other place, simply the most extraordinary of all.

Unique products and exclusive projects show a history made of people, craftsmanship, research, and new materials.

A materials library is also included in the Show Room, an area dedicated to the experimentation of new, sustainable and ecological materials. Thanks to the new combinations of textures and finishes, here designers can play with colors and styles and create interior solutions with a unique, tailored cut.

Uno spazio dedicato alla ricerca e alla sperimentazione di nuovi materiali, sempre più sostenibili ed ecologici. Un'area dove poter davvero innovare attraverso nuovi accostamenti di texture e finiture, giocare con le cromie e gli stili e creare una soluzione di interior dal taglio sartoriale che risponda alla personalità dell'abitazione. All'interno della nuova sede Atmosphaera è stata ricavata una materioteca dove poter studiare insieme soluzioni ad hoc per il proprio progetto, toccando con mano legni, tessuti, marmi e nuovi materiali. Oltre a costituire un imprescindibile strumento di lavoro, il nuovo campionario si propone di essere un'inesauribile fonte di ispirazione, presentando dodici nuove moodboard differenziate per armature e composizioni. Da tessuti bielastici a quelli ignifughi passando attraverso texture deco e dalle sembianze tridimensionali e materiche. Una collezione audace, glamour e internazionale, ispirata alla contemporaneità delle forme organiche, che presenta un viaggio in una panoramica di tessuti lussuosi, nuances e rare combinazioni di pattern.

A space dedicated to research and experimentation with new, increasingly sustainable and ecological materials. An area where you can truly innovate through new combinations of textures and finishes, play with colors and styles and create a tailored interior solution that responds to the personality of the home. Inside the new Atmosphaera headquarters, a materials library has been created where you can study ad hoc solutions together for your project, touching wood, fabrics, marble and new materials. Being an essential work tool, the new sample book aims to be an inexhaustible source of inspiration, presenting several new moodboards differentiated by weaves and compositions. From bielastic fabrics to fireproof ones, passing through deco textures and three-dimensional and material appearances. A bold, glamorous and international collection, inspired by the contemporaneity of organic shapes, which presents a journey through an overview of luxurious fabrics, nuances and rare pattern combinations.

La famiglia di contenitori Duna è composta da madia e cabinet con una caratteristica forma morbida, che prende ispirazione dai paesaggi naturali del deserto. Lo scrupoloso dettaglio della finitura dogata centrale è contrastato dall'estrema pulizia e semplicità delle ante laterali, che incorniciano spazi pieni e vuoti, caratteristica dell'intera collezione.

The Duna storage collection consists of a sideboard and cabinet with a typical soft shape, inspired by natural desert landscapes. The meticulous detail of the central slatted finish contrasts with the ultra-clean and simple lines of the side doors, which open and closed spaces define the feature of the collection.

Allure è stato pensato per un'ideale collocazione al centro dello spazio living. Il divano qui è al centro della scena come l'attore protagonista di un'opera teatrale. Ad essere enfatizzata è infatti l'intera scocca che avvolge e abbraccia seduta e schienale. Due le opzioni: rivestita in velluto o pelle trapuntata. L'effetto che ne deriva ha un forte impatto estetico e crea un piacevole contrasto con le parti imbottite che presentano volumi morbidi e proporzionati.

Allure is designed for an ideal location in the center of the living space. The sofa here takes center stage like the leading actor in a play. In fact, the entire body that wraps and embraces the seat and backrest is emphasized. Two options: upholstered in quilted velvet or quilted leather. The final effect has a strong aesthetic impact and creates a pleasant contrast with the padded seating which have soft and proportionate volumes.

modular bookcase diesis

La modularità degli elementi la rende versatile per ogni tipo di spazio.
Gli elementi verticali in essenza, in contrasto con le ampie mensole in vetro si fondono grazie ai giunti in finitura metallica che conferiscono una leggerezza elegante e, al contempo, impreziosiscono il prodotto.

The modular layout makes it suitable for any space.
The vertical wooden elements contrast with the spacious glass shelves, merging seamlessly thanks to the metal finish joints, which add elegance and lightness to the bookcase.

writing desk bolivar

Il concetto di Bolivar è nato pensando all'idea di leggerezza fisica e visiva; la base in essenza crea armonia con il piano d'appoggio: questo connubio permette di simulare un volume sospeso che conferisce un tocco etereo e volubile allo spazio circostante.

The concept for Bolivar is born thinking about physical and visual lightness. The wooden base creates a harmoniously marriage with the tabletop: this combination makes a suspended volume that confers an ethereal touch to the surrounding space.

olimpia

Olimpia potrebbe confondersi con una scultura della Grecia ellenistica.

Le forme richiamano quelle di un tempio antico; le gambe si ispirano a colonne doriche, mentre le finiture la riportano al presente e le donano un aspetto più contemporaneo.

Olimpia Writing Desk might be considered as a Hellenic Greek sculpture.

The forms recall those of an ancient temple. In fact, the legs are inspired by Doric columns, while the finishing return it to the present and give it a more contemporary design.

La scrivania prende il nome da un grande artista perché attinge dalle sue pennellate rendendole realtà concreta e materica; grazie all'essenza pregiata ed al profilo in finitura metallica, viene incorniciato come un dipinto abbinato al proprio spazio di lavoro.

This writing desk takes its name from a great artist, from his brush strokes, making them into concrete and material reality. Thanks to the high quality wood and the profile with metal finishes, it is framed like a painting matched to its workspace.

Luxury Redefined for Exquisite Interiors

Materials

La nostra incessante ricerca di materiali pregiati e funzionali viene sintetizzata in una selezione accurata, finalizzata a soddisfare una vasta gamma di esigenze. Questa ricercata selezione di materiali trova la sua espressione in queste pagine. Ogni componente è studiato per coniugare durabilità e raffinatezza. L'attenzione ai dettagli non è solo estetica, ma riflette la qualità intrinseca dei materiali. Attraverso processi innovativi creiamo combinazioni su misura che danno vita a mobili iconici, elevando gli spazi abitativi a nuovi vertici di lusso intelligente.

Our constant research into high-quality, functional materials is summed up by the meticulous selection, aimed at meeting a wide range of requirements. This sophisticated selection of materials is showcased on these pages. Every item is designed to combine durability and elegance. The attention to detail is not just a question of visual appeal, it also reflects the intrinsic quality of the materials. Through innovative processes, we create tailor-made combinations that result in iconic furniture, elevating living spaces to new heights of intelligent luxury.
